* = We bring these microphones with us, all other mics should be of similar specification to what is listed.

Depending on stage and venue size the stage layout may need to be altered to accommodate the dancers so please use this specification as a reference and be prepared for alterations on the day.

- Suitable PA and mixing console positioned in the same space as the audience
- 2 monitor sends if possible via 5 monitor wedges
- At least one good reverb/delay unit
- If there is not enough room for the dance space on stage or if the stage is not suitable for dancing on can we please be informed in advance of the concert day
- 2 multi socket power extensions required on stage
- Minimum of 1 hour sound check after the PA is set-up
- Changing area close to the stage
